**Subject:** RE: No Closed Captioning

Hi Deborah-

I just looked into what may have happened. Captioning was coming through when we taped Friday morning. Like always, we captioned the billboard in-house and Colorado Captioning picked us up between 9 and 10 for the program. I checked the monitor after the program began around 9:06, and live captioning was rolling like usual. My thought is that there may have been a problem with routing the captions to tape.

To avoid this in the future, I will double check the routing and your Beta before anything is sent out.

Let me know if you have any other concerns or questions.

I apologize for the added burden.

Best,  
Shawn

Hi Shawn,

Ena Newell left a message for me requesting production dates for 2007 and I don't have her e-mail address. At this point we are only going to schedule for the first 6 months of the year. Please pass this e-mail on to Ena as the 1<sup>st</sup> draft of production dates. I am assuming you will put it in the format that Carla and others are accustomed to working from. Please let me know if you need anything else from me. Thanks!

Hi Deborah-

I dropped off today's episode of Editors Roundtable in the KPBS lobby, and I noticed that the January 5th episode was never picked up. I'm really concerned that it never made it to air. What happened?

Also, I wanted to let you know that on today's episode, City Attorney Michael Aguirre called in to participate in a heated discussion.

Hi Deborah-

We just ran into a scheduling conflict with the October 12<sup>th</sup> tape date for Editors Roundtable. Our radio program is being reformatted for on-air pledge that day, creating less time for the actual ERT segments. It would likely be appropriate for us to cancel the Oct 12<sup>th</sup> tape date.

Let me know if you would like us to eliminate that date and reschedule it.

I apologize for the changes.

When I asked Hank to review the schedule because I sensed that an every-other-week TV schedule would feature one group of editors over the other, I was thinking about providing the best and most diverse service to Cox viewers. At the time I made the request, I didn't know which group would get to be the "TV group." It is possible that the schedule is based on considerations other than who sits at the table. And, after all, the KPBS audience gets to hear all editors. So once we alert Cox to the limitations of an alternate week schedule, I think we should step back, leave it to them, and not request any explanation of their motivation. What purpose would that serve?

I totally agree with Hank. I would like to know whether COX made a deliberate decision to only tape Editors when Tim, Bob and John appear. Maybe it just ended up that way -- and we could just tweak the schedule so all the editors are featured on the TV show.

In any event, the Editors-TV audience has certainly grown since we've been using a variety of editors on the show. And this is because these new editors bring different perspectives and analyses. Many viewers enjoy watching the alternative editors. It would be detrimental to the show if Tim, Bob and John were the only editors featured on the televised program.

Who could we talk to at COX to determine whether they indeed only want shows featuring Tim, Bob and John?

**Subject:** RE: Editors Roundtable- Final Revised Schedule

Carla,

In looking at the TV schedule for the Editors Roundtable, I've made this observation: Based on the latest TV schedule, our "alternate" editors (not Bob, Tim or John) are only scheduled to be taped for TV on two of the remaining show dates this year. Those dates are 3/17/06 and 6/23/06. I came to this conclusion based on the fact that the "regular" editors are on the show every other week. Bob, Tim and John will be on the show this week, 3/10/06. Is Cox aware of this? If they are aware, was it planned out that way for a reason? Do they prefer the "regular" editors? If they prefer the "regulars,"

9/6/2007

why?

After talking to Gloria and Ana about this, we wanted to make sure that we aren't unfairly discriminating against the "alternate" editors. While we really like the "regulars," we think that having "alternative" editors like Dave Rolland, Ruben Navarrette Jr., Kent Davy, Tony Perry, Scott Lewis, Andrew Donohue, Alisa Joyce Barba, Michael Smolens, and JW August are important contributors to the show and shouldn't be viewed as less important than the "regulars." We also think it is important to have the other editors on the show because they express different views from the regular group. Also, many of the people I just listed have become more well known and possibly more respected over the last few years at least in part because of their participation on this show.

We just want to make sure that the "alternate" editors aren't being left out on purpose. We would like to encourage Cox to think about including the "alternate" editors in a few more of the TV tapings. We think it would be a mistake to only feature the "regular" editors on TV because we would only be giving the viewers half of this great show.

Gloria, Sarah, Ana, or Doug do you have anything to add to that?

In regards to your discussion concerning the recent legislation passed by the city of Escondido. \"What discussion?\" It was more like, \"The Joy Luck Club\". I was sitting there watching for something, something that would add a little light to the subject, something that could possibly educate both sides. Come on now, I have yet seen any program concerning this issue that brings all parties together for a meaningful discussion. I was hoping to get something out of your round table, but I got the same thing I get from the oppisite end. As for my self I tend to look at Escondido\'s and many other communities reaction to the Illegal alien problem different from most people. Wait I have a thought! Why can\'t you be the first program to bring both sides to the table, a 1 hour program discussing the pros and cons, possibly coming up with a solution to the illegal immigration program. (Mind you not only bringing up the neighbors to the south, but the Haitians, Chineese, C! ubans and so many others. Remembering no favorites). But I do have one gestion, without taking sides. When should a city government act on a law that the federal government refuses to act on? Does the city have that right? Don

I was wondering if you are available for the Editors Roundtable this Friday ( )?  
Please let me know if you can join us. We will only be on radio this week, so  
don't worry about dressing up for TV. I'm not sure what the topics will be yet, but  
Gloria and I will start thinking about them today.

Have a Good Day,

## **EDITORS PRODUCTION RESPONSIBILITIES**

### **WEDNESDAY**

Brainstorm topics via email or telephone

Determine which editors will be on the show. Make contact.

### **THURSDAY**

Determine topic/editor line-up – email or call editors and provide the final line-up

Gather research on each topic for Gloria – print hard copies for her

Send the same batch of research to the editors via email

Proof Gloria's script if its completed

- *Special responsibilities on Thurs. for TV-production*

Write the TV breaks (Gloria will read this from Teleprompter during taping) and email to Carla Conner (TV Production Coord.) before 4pm on Thursday

Allow Gloria to proof your TV break copy

Write a two-line "lower-third graphic" for each topic (3) and email to Carla Conner before 4pm on Thursday.

Example:      Cunningham's Downfall  
                     Bribes and Scandal

### **FRIDAY**

Arrive at 8pm – scan newspaper for any items that could relate to the show

Proof Gloria's script

- *Special responsibilities on Friday for TV-production*

Report to TV-Studios

Proof the "lower-third graphics" with the graphics guy

- *During Taping*

Post calls to Computer Screen for Gloria

Write helpful notes or questions to Gloria

Communicate with Larry or Xavier what call you'd like to TAKE
